ONLY FOR LANDLORD TO COMPLETE:

If you checked Landlord in the Application Type section at the top, you have an option to participate in the Revert to Landlord setup. If your property is occupied by a tenant with the account in the tenant's name, you can choose to have the account revert to your name once a tenant's service has been discontinued. This is a voluntary agreement and must be signed below by the Landlord. If you choose this setup, your deposit will be held on the account obtained by you and would stay on the account even if there was a renter in the property with a deposit on their account. If you choose not to participate then the water would be shut off at that property unless the owner came in every time it was vacated and sign up for service and pay the deposit fee.
